DIESEL ENGINE SPEED 3000 r.p.m.

3000 RPM

level

cooled

DIESEL

Chopper System

GW 10/300 SSK	
Code	WE19-10TS0
General features	
Noise level	93 Lwa
Battery	45 Ah - 12 V
Fuel tank capacity	32 lt
Dimensions (L. x W. x H.)	1410 x 700 x 835 mm
Dry weight	500 ka

Welding output	
Rated output at 60% duty cycle	300 A – 32 V
Range of continuous control	10 ÷ 330 A
Striking voltage	75 V
Electrodes diameter	6 mm

Auxiliary power	
Туре	ZANARDI EPW3
Single phase power	8 kVA 230 V
Three phase power	13 kVA 400 V
Frequency	50 Hz
Соsф	0,8
Insulation class	Н
Mechanical protection	IP 23
T1 11 1 1 1 1 1 1	the state of the s

- E VAI IVA	
Engine	
Engine type	KUBOTA D1105
N° cylinders	3
Power	26 HP
Engine speed	3000 r.p.m.
Cooling	Water
Fuel	Diesel
Starting system	Electric

Description

- Arc force regulation
- Overtemperature signal lamp
- Arc force switch
- Welding ON signal lamp
- Welding current regulation
- Fuel level monitor
- Battery charger failure signal lamp
- Low oil pressure signal lamp
- High coolant temperature signal lamp
- Fuel reserve signal lamp
- Glow plug signal lamp
- Hour counter

- Starting key
- Emergency stop
- Idle switch
- Earth leakage circuit breaker
- Welding socket: Positive pole (+)
- Welding socket:
- Negative pole (-) Remote control connector
- 32A 400V socket
- 2x32A 230V socket
- Remote control switch
- Arc force regulation indicator
- Welding current regualtion indicator
